TIS MISSION STATEMENT:
“In a safe and caring environment, our mission is to develop socially responsible, life long learners able to problem solve, think critically, and make positive changes in our global community”.

Division IV Guiding Principles

We engage in collaborative practice to ensure the following principles are consistently met:

• **Confident and Independent Learning.**
  We believe that it is integral to empower the students through student-led opportunities. We scaffold to guide those who are more dependent, and challenge those with more natural independence. This process also encourages the development of open communication and resilience within each student.

• **Share the challenges and successes of our second language learners.**
  We continuously seek new strategies and tools to engage our English Language Learners in every class. Extra ESL classes are offered within the timetable as well as after school.

• **Pursuit of Academic Excellence.**
  We share a common goal of preparing our students for academic success by the end of Grade 12. This includes Diploma Exam preparation and instilling academic accountability across all subject areas.

• **Pursuit of Excellence in Leadership.**
  Our extra-curricular program creates additional opportunities for active leadership development outside of the school timetable. Our diverse range of programs includes: Photography Club, Student Council, Drama, Reading Buddies, Basketball, Soccer, and Cross-Country.
